HOME DELIVERY PRICES

1st June 2010

High quality fruit and sugar, cooked in small open pans, give Thursday Cottage preserves an almost unique traditional full flavour. All Thursday Cottage products are made by Thursday Cottage on a farm in the Essex countryside.

Thursday Cottage Marmalades, Jams and Curds are available in an ever-increasing number of retail outlets across the United Kingdom. However, not all parts of the country are well served and we do therefore offer a home delivery service.

A modest delivery charge of £5.95 will be added to all orders irrespective of size. There is no minimum order requirement.

Payment may be made by cheque or debit/credit card.

Please use the order form on the back of this sheet and advise of any special delivery instructions.

Delivery will be made by carrier.
